SONS OF VETERANS REORGANIZE

N. P. Banks Camp of the Sons of Veterans held a very enthusiastic and successful meeting Tuesday night, during which Division Commander Hyden and assistants from Camp Rosecans, of Los Angeles, initiated a candidate (Mr. Rapp of Burbank) for them and installed the newly elected officers.

Several applications for membership were received and voted on and the newly installed Commander, A. J. Van Wie, announced that his appointments would be announced later and that meetings would be held regularly on the first and third Tuesday evenings of each month.

A delegation from the Relief Corps, consisting of Mrs. Jennie Phillips, Louise Parnell, Winona Crawford and Gertrude Griffin, very pleasantly surprised the camp at the close of the session with refreshments of fruit punch and cake.

INDUSTRIAL MEETING

About a dozen of the members of the Glendale Industrial Association met at the office of C. W. Kent & Son Tueday evening to consider the continuation of options held on acreage on the San Fernando Road near Colorado Street. On account of the railroads being in the hands of the United States government it is impossible to get any active co-operation on the part of the Southern Pacific railroad in the way of promising to extend spurs etc., for the convenience of proposed factories. A motion prevailed that the options on the acreage be continued until such a time that the railroad is in a position to co-operate with this local association. For particulars concerning the Glendale Industrial Association you are advised to confer with Roy L. Kent, temporary chairman, and C. D. Lusby, temporary secretary.

BUSINESS PROPERTY CHANGES HANDS.

The biggest Glendale realty transaction involving improved real estate was made this week when Mr. J. H. Flower placed in escrow his deed to the two-story brick store buildings located at the southwest corner of Brand Boulevard and Broadway, this city. The property which Mr. Flower is selling has a width of 100 feet on Brand and a depth of 150 feet on Broadway; and in the building are located the Glendale Savings Bank, Webb's Dry Goods Store, Cornwell & Kelty Hardware Store, Yarbrough's Millinery Shop, Smith's Bicycle Store and the McPeek Plumbing Shop.

Mr. Flower was a pioneer in building his business properties in Glendale and at the time of the commencement of his first store building at Brand and Broadway there was no other store building in the block except a small frame building occupied jointly as a bakery and a dwelling, and it was due to his initial step and later added buildings thta this corner is now the busiest corner of Glendale. Mr. Flower, in addition to the two buildings which are now being sold, was also the owner of the McElroy Building, located just south of these two store buildings, and a few years ago he traded that building for five acres of desirable residential property on Adams Street of this city, where Mr. Flower has already built four beautiful houses and will start at once on the construction of another new bungalow.

It is understood that the new owner is a Mr. W. H. Bullinger of Los Angeles and is securing the property for an investment.

Mr. and Mrs. Mattison B. Jones and daughter, Miss Winifred, are at their cottage at Hermosa Beach for the remainder of the summer.

Members of the Sunday School class of Rev. E. H. Willisford, pastor of the Congregational Church, had a picnic at Echo Park Friday evening, to which the parents were invited. The supper was served at 6:30.

State Corporation Department Issues Warning

Certain newspapers in California have been printing, notwithstanding repeated warnings from Commissioner or Corporations E. C. Bellows, oil stock advertisements of Texas companies in violation of the Corporation Securities Act.

These violations have become so flagrant that Commissioner Bellows has issued a warning to the investing public of California to beware of such offers for oil stocks. None of these companies is authoried to sell its shares in California, and if sales are made they are in violation of the law. The buyer of such stocks more than likely is purchasing securities not worth the cost of the prettily decorated certificate which he gets in return for his hard-earned dollars.

Texas oil companies and certain stock brokers operating in that state have been repeatedly warned of their violation of the California Blue Sky Law. Some of them have desisted, while others have repeated the violations.

Many of those who have heeded the warning of the corporation department and have shown a disposition to respect the laws of California have stated that the advertising solicitors for certain California newspapers have represented that the advertisements were not in violation of any law.

Third in Series Will Be Delivered on Thursday at Intermediate School

The third lecture of the Educational Health Lecture series will be given Thursday, 8 p. m., July 24, in the Intermediate School auditorium, Wilson Avenue and Kenwood Street.

"Eating for Strength" will be the subject discussed with sub-topics of food elements, food digestion, a balanced ration and deficiency diseases.

Dr. Belle Wood-Comstock of Pasadena, who is a thorough student of dietetics, will deliver this lecture.

An effort to furnish practical help in these lines is being made by this series of health lectures given through the co-operation of quite a number of physicians, both in and out of Glendale. These lectures will continue several weeks if there is sufficient interest to warrant the effort.

No charge is made nor collection taken. Those desiring to do so may drop questions in the box to be answered at some future date.

Several persons of musical ability have contributed of their talents in the rendition of vocal selections as a pleasing feature.
